REF 503925 - Unit Dose

Description:

CHX-Plus™ is an enhanced 2% Chlorhexidine Gluconate solution with powerful wetting agents and proprietary surface modifiers to improve depth of penetration. Used for the final irrigation step for long lasting kill of bacteria.

Instructions for Use:

1. Remove CHX-Plus™ syringe and irrigation tip from packaging.
2. Remove syringe cap and attach irrigation tip securely to syringe.
For bulk (30mL) syringes, attach the provided docking port for transfer of solution to smaller syringes.
3. Irrigate as desired.
4. Dispose of syringe and irrigating tip after use.

Warnings:

**** NOT TO BE USED AS AN ORAL RINSE ****

- Irrigating tips are disposable
- Always replace cap after use

WARNING

May be harmful if swallowed. Causes mild skin irritation. Causes eye irritation.

Wash hands thoroughly after handling. Wear protective gloves/eye glasses. Follow all government regulations for waste disposal. Prevent release to the environment if possible. Do not flush waste into sewer or waterways.

FIRST AID: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do so. Continue rinsing. **IF ON SKIN:** Wash with plenty of soap and water.
